## PROSPECTING BASICS

### Sources for bargains on equipment

Seeing cool equipment can be a source discouragement for those new to the hobby of Gold Prospecting when they see what it costs new. One thing a person should remember is that the equipment made 20 or 30 years ago was recovering gold with the same principles as the most modern equipment. Often with a few modifications these old machines can be made to work as efficient as if they were just purchased at a gold show.

Classified ad websites like Craigslist or Facebook Marketplace can lead a person to the right equipment at the right price. Although the type of plastic has changed in some brands of drywashers the same models can be had for hundreds of dollars less, recently scrolling through craigslist I saw a 3<sup>rd</sup> generation Keene 151 drywasher for \$900 whereas the newest version sells for \$2000 at the nearest prospecting store. I've picked up Keene drywasher for the mid 80's for \$50, the main difference between it and the modern machines is the vibratory fan which can be purchased online through Keene Engineering. Drywasher cloth is also available through the company's website.

Finding people who have become disenchanted with the hobby is always useful. Some people are so excited about using their new machine they don't do the necessary prospecting and end up running buckets of barren dirt eventually becoming discouraged. Some of these machines sit in the back shed or on a rack in the garage for a couple of years when the owner decides he is tired of looking at it and lets it go for cheap. This is where networking in the prospecting clubs is useful as a person can keep track of the members who no longer attend the outing or meeting and contact them in regards to their unwanted equipment.

A handy person should stay on the lookout for pieces and parts that may be useful in repairing used equipment. Electrically operated recliners often have 12 volt motors that can be used to power a small trommel of gold wheel, windshield wiper assemblies and mobility scooters are a good source of direct current motors that can be run off batteries. In the southwest desert lawnmower wheels tend to dry up and disintegrate long before the life of the mower itself and are often discarded by the roadside for brushy and bulky pickup, they are great for replacement motors on drywasher blowers. Leaf blowers can be had for cheap at yard sale and swap meets and make wonderful vacuums when attached to a 5 gallon bucket (plans can be found online).

A metal break, a tool that can bend sheet metal, comes in handy for the recreational prospector when it comes to making sluice boxes and highbankers. With a good source of aluminum or galvanized sheet metal a person can make equipment to sell and benefit others with bargain equipment. We all must remember that the people who made the greatest wealth in the Gold Rush were the vendors selling equipment to the prospectors as they arrived.

If you are unsure of the condition of a piece of equipment up for sale contact someone who has been involved in the hobby for a while and get their opinion on the price and workability of a used item. A rusty set of riffles in a sluice box can only a minor cosmetic problem where a carburetor on a drywasher blower that is clogged with fuel that has turned to varnish is more complicated. A bargain price can soon disappear if lots of repairs need to be made.

### Zoom Meeting Option for December Meeting

On February 2nd we are going to have our monthly membership meeting on Zoom which is a computer teleconferencing software. It is SUPER easy to use Just click on the highlighted link in the meeting announcement email, then join Zoom and download it. It is free and our meeting will be held using secure protocols. You can also dial into zoom. The phone numbers will be in the announcement. If you have a smart phone you will be able to see everyone, but if not, you will still be able to talk and hear everyone.

And here's the really cool thing..... If you are out of state for the summer, you can still attend! So Welcome back to our winter visitors.

We realize you would rather meet in person, but we just can't right now. Our meeting is too large to social distance properly for your safety (required by the county) and it's just too hot outside. We are still having outings and we are hoping that we will be able to have a regular meeting soon.

I will be available for you to log early if it's your first time and you need help. Also, you can call me direct at 520-333-8651 if you need help or have any questions.

Time: 6:00 Date: June 1st, 2021 and July 6th, 2021

# OUTING DIRECTORS REPORT

## APRIL OUTING DIRECTORS REPORT

### Placer Pond Claims Outing April 11 2021

The April Outing was held at Placer Pond 1 and 2 claims. On Sunday morning at 8:00 AM at the Greaterville turnoff from Highway 83; 27 members and our mascot Scar met and caravanned to Placer Pond 1 for the metal detector hunt. I planted 24 one peso numbered targets each matched a randomly generated list. There were (4) worth a gold nugget and (3) worth a (\$2 bill) All except 4 targets were found.

After the metal detector hunt the members went off to high bank and use recirculation equipment, including a Timms Gold Extractor and a rocker box. The best gold was found crevassing the bed rock in areas above the cattle tank.

There were also members metal detecting and visiting each other since it has been awhile since they had been out in the hills. The weather was great and outing successful. until next month keep digging. Dan

## Upcoming Events

### APRIL ELECTION POSTPONED UNTIL JUNE

The Bi-laws call for 9 to 15 members to sit on the board, with the nominees we have it brings the total to 16 so we need to have an election to vote on board members and any officers that may volunteer their name. We are falling short of people running for President, Vice President and Secretary. I have taken the Presidents position for the last 4 years and am ready to take a break and let someone else step up. Know that I won't let anyone come into the position without help and guidance on the workings of the club and the duties of the position. The last 2 pages of this edition of the Gazette include a description of each of the officer positions as described by the Bi-laws, please review these for an Idea of who does what.

The candidates for office and Board positions are as follows.

President— ? Vice President— ? Secretary— ? Treasurer—Erick Ramirez

Outings Director—Dan Walker Club Historian—Mary Garcia

1 Year Board Members

Bob Melzer, David Salars, Ed Madson, Darrell Marihugh,

## FILL YOUR HOLES!!!!!!

It's happening again, there are holes being left open on the claims. The Forest Service has just mounted a huge gate at the entrance to the wash at the Bruiser 2 claim and there is no doubt they are looking for an excuse to close it, we can't afford to give them that excuse! The level of activity our club is involved in requires the holes to be filled and other restrictions are in place so we don't have to develop and expensive plan of operations.

If this behavior continues we will be forced to place game cameras in the area and expel offending members from the club. We've done it before.

### Guests on the club claims

With the ongoing restrictions caused by the recent pandemic and our inability to have a meeting I encourage the members to take anyone they know is interested in gold prospecting out to the claims as a guest and to the outings. The general rule is to allow people on the claims as a guest once so if you see they have an interest in the club please direct them to the website or give David Salars a call at 520-490-4154

The Desert Gold Diggers is a club that is dependent on the participation of its members. Every year the members are asked to step forward and run for election to the various offices that are responsible for handling the club business. Over the years I've found that the best way to get the most out of the club is by participating as an officer. It is your chance to direct the club in a direction you see fit. The following is a simple list of the duties of the officer positions that are up for election at the April Membership Meeting. Several of the people who have held these positions for years are stepping down due to other obligations and some have grown tired and ready to sit back for a few years, this is a great chance for new people to get involved. All the members are eligible to run for officer and Board positions, however anyone with a felony conviction cannot be in a position in which money is handled according to the laws of the State of Arizona.

I encourage everyone to get involved in these offices by giving up a little time and a couple evenings each month. The club cannot run without your help and guidance. All the officers and board members receive a free membership during their time in service.

### **Elected officer positions and duties:**

**The President** is the principle executive officer of the club responsible for presiding over the Membership Meetings, signing contracts, deeds, or other instruments authorized by the Board of Directors, and presiding over the meeting of the Board of Directors in the absence of the Board Chairperson.

**The Vice President** arranges for the program or Speaker at the Monthly Membership meeting and steps in for the President when the President is unable or unwilling to do his/her duties.

**The Secretary** keeps minutes at the membership and business meetings, prepared and sends notices under the bylaws and keeps the Corporate Seal for sealing official documents as directed by the Bylaws or Board of directors.

**The Treasurer** is responsible for all funds and securities of the corporation. He/she handles the banking duties for the club and presents financial reports to the Board of Directors. Kim Ransom has been the treasurer for several years and is stepping down but will train the new treasurer to do the job. This is a good opportunity for a person to learn the principles of accounting for someone with years of experience.

**The Outing Coordinator** arranges and directs the monthly outings and prepares the schedule of outings to be published in the monthly Gazette.

**The Social Events** coordinator with the assistance of the committee known at this time as the Nuggets organizes, directs and implements all social functions. There are 3 major social events each year; the family picnic which in the past several years has been held in conjunction with the March outing, the annual Steak fry, held in conjunction with the November outing and the Christmas Party at the time of the December Membership Meeting.

**The Historian** is responsible for keeping the club records, including minutes, financial reports and copies of the Gazette. He/she also hold the clubs video library.

### **Board appointed positions:**

**The Claims Director** coordinates and leads the search for potential areas in which to stake placer claims for the club. He/she also is responsible for filing the claim paperwork and updating the claims packets to the members.

**Newsletter editor** produces the bi monthly Gazette.

**Public Relations director** is a Goodwill Ambassador and disperses information about the club to the public.
